ISIFLO GmbH, part of the ISIFLO AS Group, has been a member of the publicly listed Aalberts N.V. since 2004.

ISIFLO AS develops, manufactures, and supplies premium branded products for gas and water distribution. The company stands for innovative solutions, environmentally friendly production processes, and the highest quality standards, combined with a product portfolio tailored to meet customer needs.

Experienced customer advisors are available to support both product selection and the development of individual solutions.

**The complete product range by application areas**  
can be found at [www.isiflo.de](http://www.isiflo.de)

Water

Gas

Compressed air

Product example  
**ISIFLO Brass**

ISIFLO universal couplings from 16 - 63 mm outer diameter are certified according to G 5600.1 for gas (only in combination with gas conversion kit type 990 and support sleeve type 180) and according to DIN 8076 for water applications up to 90 mm outer diameter.

Product example  
**ISIFLO Municipal SEPP**

ISIFLO SEPP municipal valves and brass water meter installation sets.

Product example  
**ISIFLO Sprint**

DVGW Zulassung für Wasser  
DW-8616C00485

DVGW Zulassung für Gas  
DG-7521C00472  
für Typ 7050, 7020, 7050, 7100, 7120,  
7150, 7160 und 7650

ISIFLO Sprint combines the reliability and strength of a mechanical connection with the ease of use of a push-fit system.

Product example  
**ISIFLO Eco Line**

ISIFLO Eco Line - mechanical composite couplings based on the same principle as ISIFLO brass couplings. Lightweight, lead-free, corrosion-free, and 100% recyclable.

ISIFLO AS features a highly skilled research and development department focused on innovation, new product development, and comprehensive testing. Combined with outstanding material expertise and extensive in-house testing facilities, ISIFLO AS and its subsidiaries are the perfect partner for your business.
