### **Company profile:**

Wavin is one of the leading suppliers of plastic pipe systems in Europe and has pioneered many solutions in their sector. Wavin provides effective solutions for civil engineering (management of rainwater and waste water), energy-efficient heating and cooling for buildings and rainwater management.

In Germany Wavin has a staff of around 500 people at the production sites of Twist and Westeregeln, as well as a country-wide network of sales people.

Wavin offers innovative, state-of-the-art solutions which are easy to install and to operate. Their products are suitable for new-built and refurbishment projects of any size.

### **Manufacturing- / delivery programme:**
