Company profile:

WOMA is a group of companies that includes affiliated companies in Australia, Austria, Belgium, Brazil, China, Mexico, Spain, and in the USA, as well as more than 50 representatives world-wide. WOMA's headquarter is located in Duisburg, Germany.

Founded in Duisburg in 1962, WOMA quickly succeeded in making itself a name world-wide as a champion of innovations in water jetting technology whose systems and methods of application stand for quality, reliability and efficiency.

WOMA designs, manufactures and sells high-pressure plunger pumps and high-pressure water jet systems, driven by combustion engines or electric motors, with manually controlled or manipulator controlled water tools with power ratings up to 780 kW, volumetric flow rates up to 1679 l/min, and operating pressures up to 4000 bar.

Manufacturing- / delivery programme :

All products meet the requirements of the standard:
"Richtlinien für Flüssigkeitsstrahler" ZH 1/406, Oktober 1987.

Units, Systems and Compact Units

High-pressure units for any industrial application.
All systems can be driven by combustion engines or electric motors, respectively. They can be used in a stationary mode or on-site.

- Ultra-high pressure units
- Compact hot water units - Ecotherm®
- Compact cold water units - Ecocold®
- Offshore-Ecomaster
- Other systems.

Pumps

- High-pressure plunger pumps 02-Line, operating pressures up to 750 bar
- High-pressure plunger pumps 03-Line, operating pressures up to 250 bar
- High-pressure plunger pumps ARP®-Line, for abrasive-containing water
- 'Millennium' high-pressure plunger pumps featuring HCV®-technique
- Compact high-pressure plunger pumps Y-Line, with operating pressures up to 1000 bar.
- High-pressure plunger pumps Z-Line.

Tools

- Surface Cleaning Tools
- Pipe and Tube Bundle Cleaning Tools
- Tank Cleaning Tools
- Cutting Tools
- WaterJetCutter.

Accessories

- Nozzles and Nozzle Carrier Heads

Nozzles, Self-Aligning Nozzles, Whirl Jet Nozzles, Turbo Nozzles,
Whirl Disc, Orbital Nozzles, Speedy, Orbiter

- High-Pressure Hoses

- Safety Accessory

Safety equipment, Foot valves, Body support, splash guard and handle
Strain relief device

- Abrasive-Injection Accessory

Abrasive Blaster 1000 bar, Sandblaster 400 bar,
Sandblaster 750 bar, Suction Jet.
