Phone: **+49 (0) 421 / 52 53 -3**
Telefax: **+49 (0) 421 / 52 53 -555**

The name **REITZE** stands for the availability of plant and machinery components from all relevant manufacturers and for extensive know-how that we provide for the configuration of your plant systems. We have accumulated more than 30 years of experience and - being a family business - we are independent from manufacturers.

Our services, which are not limited to specific industries, include **consulting and implementation as well as the supply of plant technology**. One of our greatest strengths is the development of individual solutions.

As our customer you also benefit from our speedy and efficient logistics. Our well-stocked storehouse allows us to meet your demands very rapidly - in some cases **within hours**.

Manufacturing- / delivery programme

Pumping

Displacement pumps
Dosing pumps
Centrifugal pumps
Vacuum pumps
Pump spare parts

Measuring

electronic and mechanical
measuring systems

Pressure
Temperature
Fill level
Flow measurement
Object recognition
