Company profile: Systems supplier for modular machining centres

Professionalism with system – meaning: As a system supplier we always look at the overall picture. Not as an end in itself but because we're convinced we can only provide you with the best products. Products which will seamlessly integrate into your manufacturing process, are efficient and consistently deliver the perfect quality you expect.

The main topics by RSA cutting systems GmbH are professional sawing and deburring, highly economic and reliable systems and modules for your prefabrication. Perfectly thought-through and perfectly attuned with perfect service.

In order to realize our high quality demand, we pursue a zero-error-strategy on all levels. To name only one example: Every machine is built up in our assembly halls and thoroughly tested before it leaves our house.

Manufacturing- / delivery programme:

- Entgrat-Systeme
- Präzisions-Schnellsäge *RASACUT®*
- Sägeblätter *RASABLADE*
- Anforderungsspezifische Schärfen von Sägeblättern
- Reinigungs-Systeme
- Systeme zum Ablegen und Stapeln von Rohren und Profilen
- Systeme zur Längenmessung
- Technische Hochleistungsbürsten (Bürstenproduktion).

Specially designed machines and construction exactly adjusted to your needs and requirements:

- Zum Entgraten und Aufweiten von Rohrenden
- Für das Entgraten und Schleifen
- Entgrat-Maschine für dünne Rohre, 4 mm Ø
- Rotations-Entgrat-Maschine für die Rohradjustage
- Entgrat-Maschine für Aluminium-Motorgehäuse, Aluminium-Flachkörper
- Entgrat-Maschine mit elektrisch synchronisiertem Transport
- Mess-Maschine zur 100 %-Kontrolle der Längentoleranz stabförmiger Werkstücke
- Rohr-Reinigungsanlage für Schüttgut
- Portalroboter zum geordneten und flexiblen Abstackeln von Rohren und Profilen.

Services: From test production to worldwide repair service

Mobile demonstration service, Test production, Worldwide assembly,
Spare parts and accessories, Repair service
