Company profile:

AnnoTech Rohrsanierungstechnik is a company which has specialized on manufacturing and distributing pipe rehabilitation packers.

AnnoTech bend rehabilitation packers slide very well, do not kink at the inner pipe radius and, thus, allow for a reliable rehabilitation of pipe bends up to a curvature of 90°.

Manufacturing- / delivery programme:

The packers produced by AnnoTech are designed to be used with oil-free, cold compressed air.

- Pneumatic bend rehabilitation packers for stoneware bends
- Pneumatic rehabilitation packers for straight sewer, ductile iron and stoneware pipes
- Accessories for Annotech rehabilitation packers
- On request, we shall gladly manufacture special lengths for the rehabilitation of swan-neck pipe constructions
- Short liner accessories
- Inliner systems
- Compressors
- Development and production of premium products.
