**Uniones Arpol**, is a family business founded in 1976 and one of the pioneers in the designing and manufacturing of couplings for all types of pipes.

Nowadays, the company leads the water market in Spain and offers a made-to-measure manufacturing system that is internationally acknowledged. One of the company's characteristics is the wide range of solutions available, which include an exclusive series specifically designed for flexible pipes.

**Arpol** couplings are currently applied in several areas, like water and gas distribution, waste and water treatment plants, chemical and manufacturing industry, power plants, domestic installation, building and civil engineering, mining, bottling plants, shipbuilding industry, etc.

## Manufacturing- / delivery programme:
